Innsbruck, July 16, 2012

Letter of Invitation

Dear Dr. Ioana Chiorean,

we are pleased to invite you to visit our team involved in the NANODRUG – “Novel Nanoparticles for Drug Delivery to the Skin” EU FP7 research project at the Leopold-Franzens-University Innsbruck, in the period:

September 29 – October 6, 2012.

This visit is supported by the Romanian project NATNANOMED “Hybrid materials based on anthocyanins and metallic nanoparticles with possible medical applications” and is meant to help you in obtaining a mathematical model for the influence of a drug using nanoparticles in dermatology.

Looking forward to meeting you in Innsbruck,

best regard,

A handwritten signature in black ink, appearing to read 'K. Liedl', is positioned above the printed name.
